

# MultiMount™

## All Weather Pan & Tilt Speaker Wall Mount

Technomad Vernal 15 Loudspeaker shown

The MultiMount 8 is an indoor/outdoor speaker mount that attaches loudspeakers, weighing up to 15 lbs., to walls and other structural surfaces. Independent pan and tilt adjustments help direct sound into the desired area. A separate feature orients speaker cabinets clockwise into either a horizontal or vertical position.

mounting patterns and is produced from aluminum and other weather resistant materials which makes this an ideal mount for use in outdoor applications such as restaurants, theme parks, hotel pool side areas and other outdoor installations.

Black, white and natural aluminum colors are available from stock. A decorative cover plate snaps over the wall plate, masking the hardware and enhancing the cosmetics of the installation.

The MultiMount 8 adapts to loudspeakers with standard single and two hole
